

Addition: Add Whole Tens - Missing Number - Set A

Grade 2

Name: _____

Find the missing number.

To find the missing number, subtract the known number from the answer.

$$(1) 20 + \underline{\quad\quad} = 80$$

$$(2) 80 + \underline{\quad\quad} = 100$$

$$(3) \underline{\quad\quad} + 50 = 140$$

$$(4) 10 + \underline{\quad\quad} = 50$$

$$(5) \underline{\quad\quad} + 90 = 170$$

$$(6) 30 + \underline{\quad\quad} = 70$$

$$(7) 30 + \underline{\quad\quad} = 90$$

$$(8) 50 + \underline{\quad\quad} = 140$$

$$(9) 80 + \underline{\quad\quad} = 140$$

$$(10) 50 + \underline{\quad\quad} = 70$$

$$(11) \underline{\quad\quad} + 60 = 140$$

$$(12) 60 + \underline{\quad\quad} = 100$$

$$(13) 90 + \underline{\quad\quad} = 140$$

$$(14) 60 + \underline{\quad\quad} = 120$$

$$(15) \underline{\quad\quad} + 60 = 70$$

$$(16) 70 + \underline{\quad\quad} = 80$$

$$(17) \underline{\quad\quad} + 70 = 150$$

$$(18) 40 + \underline{\quad\quad} = 60$$

$$(19) 60 + \underline{\quad\quad} = 70$$

$$(20) \underline{\quad\quad} + 40 = 130$$
