

Basic properties of 2-D shapes: Constructing Shapes

Grade 2

Name: _____

Draw or build the shape.

Shapes may be rotated, colored, or drawn in different sizes.

(1) Draw a shape with 5 straight sides and 5 corners.

(2) Draw a shape with 8 straight sides and 8 corners.

(3) Draw a shape with 4 straight sides and 4 corners, where two opposite sides are long and two opposite sides are short.

(4) Draw a shape with 4 equal straight sides and 4 corners.

(5) Draw a shape that looks like a house, using a square for the bottom and a triangle for the roof.

(6) Draw a shape that looks like an ice cream cone, using a circle for the top and a triangle for the bottom.
