

Subtraction word problems: Mixed Addition and Subtraction Word Problems to 20

Grade 2

Name: _____

Read carefully. Add or subtract to solve.

(1) Emma has 11 stickers. She gives away 4, then finds 7 more. How many stickers does she have now? 🎨

(2) There are 13 cookies on a plate. You eat 5, then Mom adds 3 more. How many cookies are there now? 🍪

(3) A box has 9 crayons. You add 6 more, then lose 8. How many crayons are left? 🖍️

(4) You have 14 marbles, give 7 to your brother, then find 5 more. How many marbles do you have? 🎱

(5) There are 16 flowers in a vase. 9 wilt, then you add 6 new ones.
How many flowers are there now? 🌸
