

Magic Squares

Grade 2

Name: _____

Fill in the empty squares so that every row, every column, and both diagonals all add up to the Magic Sum shown.

Each number can only appear once in the grid. Use the Magic Sum as a guide — if a row is missing one number, subtract the others from the Magic Sum to find it!

Tip: If the Magic Sum is 15 and a row shows 6 and 2, the missing number is $15 - 6 - 2 = 7$.

Magic Sum = 34

16		2	13
		11	8
	6		12
			1

Magic Sum = 34

4	9		
	6	10	3
	12	8	13
