

My Special Neighborhood

Grade 1

Name: _____

Read the story carefully. Then answer each question below in a full sentence.

Ms. Lily, the kind librarian, helps Leo find his lost space book. She teaches him how to use the library shelves to discover new stories and enjoy reading.

Ms. Lily loved her job as the neighborhood librarian. Every morning, she made sure all the books were in their proper places on the tall shelves. One sunny afternoon, a little boy named Leo came in with a frown. "I can't find my favorite book about space!" he told Ms. Lily sadly.

She smiled kindly and asked, "What is the title, Leo?" Together, they walked through the aisles. Ms. Lily showed Leo how books about space were all together. She explained that the shelves helped everyone find their books easily. Leo's eyes lit up when he saw his book. "Thank you, Ms. Lily! Now I know how to look for books myself!" he cheered.

COMPREHENSION QUESTIONS
