

Read the story carefully. Then answer each question in a full sentence.

Leo's Speedy Friends

Leo loved visiting the big wildlife park. Today, he was most excited to see the cheetahs! He walked quietly with his mom to their special habitat. Leo held his breath, hoping to see them up close.

Soon, Leo spotted a mother cheetah resting under a tree. Her fur was golden with black spots. Next to her, a tiny cub batted at a leaf. Did you know cheetahs are the fastest land animals? They run super quickly!

A park ranger walked by. "Cheetahs use their speed to catch food," she told Leo. "This cub is learning to be swift like its mom." Leo watched the cub pounce on the leaf. It was so cute!

Leo felt happy watching the cheetah family. He learned that even the fastest animals start small and need to learn. He hoped to see the cub grow faster. What a wonderful day at the park!

COMPREHENSION QUESTIONS

(1) Who is the main character in the story, and where did he go?

(2) What animal did Leo see, and what was it doing with its mom?

(3) What does the park ranger mean when she says the cub is "learning to be swift"?

(4) How did Leo feel at the end of his visit, and what in the story tells you this?

(5) What lesson did Leo learn from watching the cheetahs?
