

## Sort Lily's Lost Puppy Adventure Events

Grade 2

Name: \_\_\_\_\_

Sort each event into the correct part of the story: Beginning, Middle, or End. Every story has a beginning (setup), a middle (main events and problem), and an end (solution and wrap-up). Recognizing this structure helps you understand and retell stories.

### Lily's Lost Puppy Adventure

#### WORD BANK

She follows the prints carefully toward the tall park fence.

Lily hugs her lost puppy tightly and walks him home.

Lily wakes up, and Buster is gone from his cozy bed.

Buster happily plays with a fluffy squirrel by the old oak tree.

She searches quickly under the bed and in the closet.

A tiny paw print appears clearly in the soft garden soil.

**Beginning** *(What happened first in the story?)*
