## The Farm Visit

Well last Saturday our family drove to Sunny Meadows Farm in Salem Oregon It was a beautiful sunny day on October 25 2024 We saw many farm animals like fluffy sheep playful goats and big brown cows My little brother Timmy loved feeding the chickens petting the rabbits and watching the ducks waddle We even picked some fresh vegetables carrots crisp lettuce and juicy tomatoes It was so exciting to pull them right from the earth Did you know how much work farmers do to grow our food It is amazing how much they care for the land and animals What a fun day we had learning about farm life We bought some fresh eggs homemade jam and sweet honey to take home We learned so much about where our food comes from
