Leo's Park Secret

Leo loved to visit the big park. He always looked for interesting things. One sunny morning, he walked by the rose bushes. Something small and green hung from a leaf. It looked like a tiny jewel.

"What is that?" Leo whispered to his mom. His mom knelt down beside him. "That is a chrysalis," she explained softly. "A caterpillar made it to change." Soon, a butterfly would emerge from inside.

Leo felt excited about the chrysalis. He knew he would visit it every day. He hoped to see the butterfly fly away. It was a wonderful secret in the park.
