

Commas — Mixed Practice

Grade 5

Name: _____

Read the passage. Add all missing commas.

Example: Well I packed it but Maya forgot her bag. → **Well, I packed it, but Maya forgot her bag.**

The Mighty Amazon

Well the Amazon rainforest is an incredible place full of life and mystery.

Spanning millions of square miles across South America it is home to an astonishing array of creatures. You can find colorful macaws agile monkeys and stealthy jaguars living among its dense foliage. The forest also boasts an incredible variety of plants like vibrant orchids towering kapok trees and twisting lianas. Yes exploring this ecosystem reveals wonders at every turn. Remember friends its survival is crucial for the entire planet. The Amazon produces much of the world's oxygen and it regulates global weather patterns. Unfortunately deforestation and climate change threaten this vital natural treasure. Protecting it is a global responsibility.
