

Good or Well? Choose Wisely

Grade 6

Name: _____

Choose the correct word — good or well — to complete each sentence. Write the reason.

good = adjective → describes a NOUN · "That's a good idea."

Exception: "feel good / feel well" — both work but mean different things!

Example: He plays piano _____. → **well** (describes how he plays — answers "how?", not "what kind of piano?")
