

# Sort Oak Tree, Deer & Mushroom: Producers, Consumers & Decomposers

Grade 5

Name: \_\_\_\_\_

Sort each organism into the correct group: Producer, Consumer, or Decomposer.

Producers make their own food from sunlight (plants, algae). Consumers eat other organisms. Decomposers break down dead material and return nutrients to the soil.

## Classify Organisms: Producers, Consumers, Decomposers

### WORD BANK

Wolf

Sunflower

Earthworm

Deer

Mushroom

Oak Tree

Bear

Grass

Dung Beetle
